

Chiropractic Orientation

All new persons in our office are required to attend an orientation on chiropractic within the first two weeks of care. This orientation is intended to give you a better understanding of what chiropractic truly is and what we hope to accomplish during your course of care. Orientations are held every **Monday** from approximately 6:15 to 6:45 p.m. and every **Saturday** from 8:30 to 9:00 a.m. It is strongly recommended that you bring your spouse to the orientation so that they will understand what you will be going through and why they should be checked for a subluxation.
